Thompson has a proven record of delivering value through cost reduction and efficiency improvements.

On-Site Maintenance Services

We understand the intricacies of your industry and your equipment. We'll station the proper number of high quality, fully trained personnel and related management at your facility to meet the full range of anticipated needs.

Our on-site maintenance services meet widely varying needs:

- Mechanical Maintenance
- Shipping/Receiving
- Packaging
- Facility Maintenance
- Operations Support
- Equipment Operation
- Overhead and Specialty Cleaning
- Electrical and Controls Maintenance
- Construction Services

Maintenance Tools

We use reliability-based maintenance methodologies like Kaizen, LEAN, Root Cause Failure Analysis, Six Sigma, predictive and preventative maintenance.

Delivering Value

Thompson has a proven track record of delivering value through cost reduction and efficiency improvements. We're problem-solvers who understand how partnerships achieve optimum results. Together, we get the job done.

Through flexibility and innovation, we'll customize a pricing and cost savings model that best fits the customer's needs.

Serious About Safety

Thompson employs full-time safety professionals. We hold daily safety meetings with JSHA and we are committed to extensive supervisor & craft worker safety training. We utilize a behavior-based safety program, incentive program, personnel rewards and supervision awards for safety.

An Excellent, Reliable Partner

Our goal is to put the client first and offer the best service possible. We put a premium on safety, delivering value and dependability. This commitment to unmatched customer service is demonstrated through listening to the voice of the customer and seeking ways to continually improve.

We concentrate on the details of the job at hand, while keeping an eye on the big picture and our fit with you.

Customized Maintenance Services

Thompson specializes in meeting our customers' daily non-core competency needs. We provide supplemental support when needed, but also offer full-service configuration. Whether your needs are short-term, long-term or if you need a blended model, our personnel will work alongside yours.

We have a proven track record of high retention rates with our clients and efficient response time to meet a wide range of anticipated needs.
